## Concert Etiquette

Band is both learning to play an instrument and the education of the students in proper concert etiquette. This evening's concert represents hours of preparation on the parts of both students and directors.

Please review these guidelines with your student and show courtesy by observing the following:

- Please set your mobile devices to silent.
- Please do not speak, leave your seat, or make noise while a group is on stage performing.
- Please keep small children quiet during the concert. If they become disruptive, please remove them to the lobby.
- Please hold your applause until the conductor's hands have been lowered.

Thank you for your attention and cooperation.
